

DAILY BOREDOM BUSTER

Brilliant Balloon Ping Pong

The simplest ideas are often the best. It's a beautiful day so why not enjoy the fresh air with a game of balloon ping pong?

All you need is a balloon, a couple of paper plates, a couple of popsicle sticks, and some glue. Glue a popsicle stick to each paper plate to create a handle for your "paddle", blow up your balloon and you're ready to play. You can make your games more challenging by setting up a makeshift net if you wish.

The rules are simple - players take turns to hit the balloon to each other while keeping it in the air. If a player lets the balloon touch the ground, then a point is awarded to their opponent. First one to 21 points wins!
