

DAILY BOREDOM BUSTER

ANZAC DAY

Lest We Forget

Every April we traditionally gather together to remember our ANZACs. This year, however, we need to keep our distance, so we're starting a new tradition - **Light Up The Dawn**. Stand in your driveway, on your verandah, or in your living room at 6am on ANZAC Day with a candle and help us Light Up The Dawn in memory of our ANZAC heroes.

On the following pages you'll find some beautiful ANZAC Day projects you can create to help keep the ANZAC spirit alive on ANZAC Day.

A close-up photograph of several vibrant red poppies in various stages of bloom, set against a bright, white background. The flowers are the central focus, with some in sharp focus and others blurred in the foreground and background. The stems and green leaves of the plants are visible, adding texture to the scene.

ANZAC Day Silhouettes

Create beautiful silhouette artwork for ANZAC Day. Use a variety of materials to design different backgrounds and then glue your insert over the top. You can use small pieces of tissue paper to give your art a stained glass appearance; or use paint, crayons or torn strips of paper to fill in the background with gorgeous colours. There are three silhouettes on the next pages for you to print and use.

Paper Plate Poppy

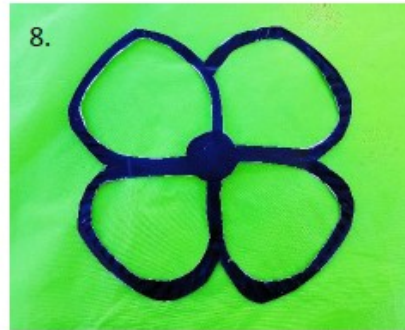

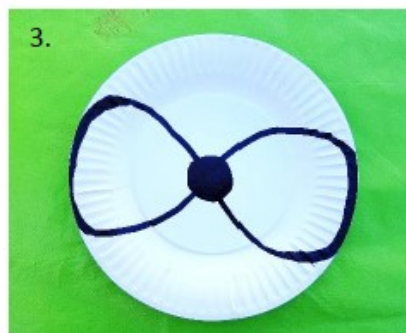

Paper Plate Sun Catcher Poppy

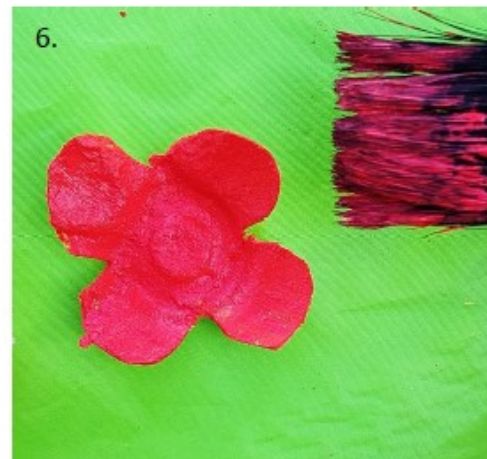

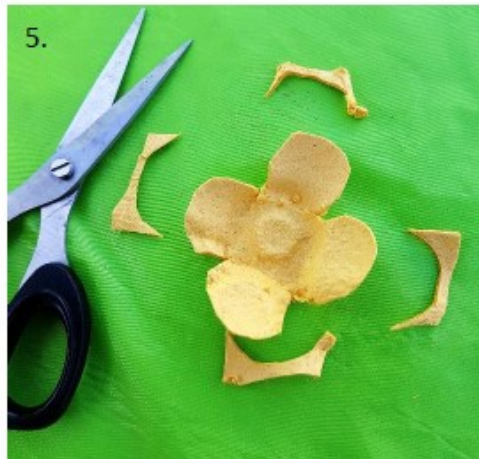

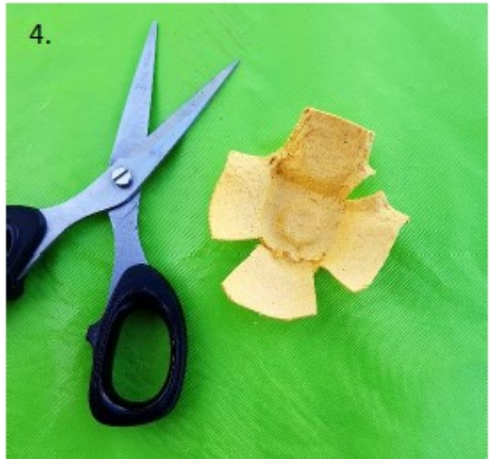

Materials:

- * Paper Plate
- * Black Marker
- * Red Tissue Paper
- * Scissors
- * Tape

Steps:

1. Assemble materials
2. With the Black Marker draw a dot in the centre of the Paper Plate
3. Draw two petals either side of the dot so that it looks like a Bow Tie
4. Draw two semi-circles either side of the Bow Tie to complete the petals
5. Thicken the Black Marker Line
- 6, 7. Using Scissors cut all the white areas of the Paper Plate out
8. You now have a Black outline remaining
9. Cut 4 pieces of Red Tissue Paper. One for each petal
10. Fold each of the pieces of Tissue paper like a concertina
11. Pinch and tape one end of the Tissue Paper to create a fan
12. On the back of your Poppy outline, tape each fan of Tissue Paper to the space of each petal shape
- 13, 14. Repeat until all Tissue Paper Fans are taped on
15. Cut off excess Tissue Paper
16. Display finished Poppy in a Window to catch the light.

ANZAC Day Milk Bottle Lantern

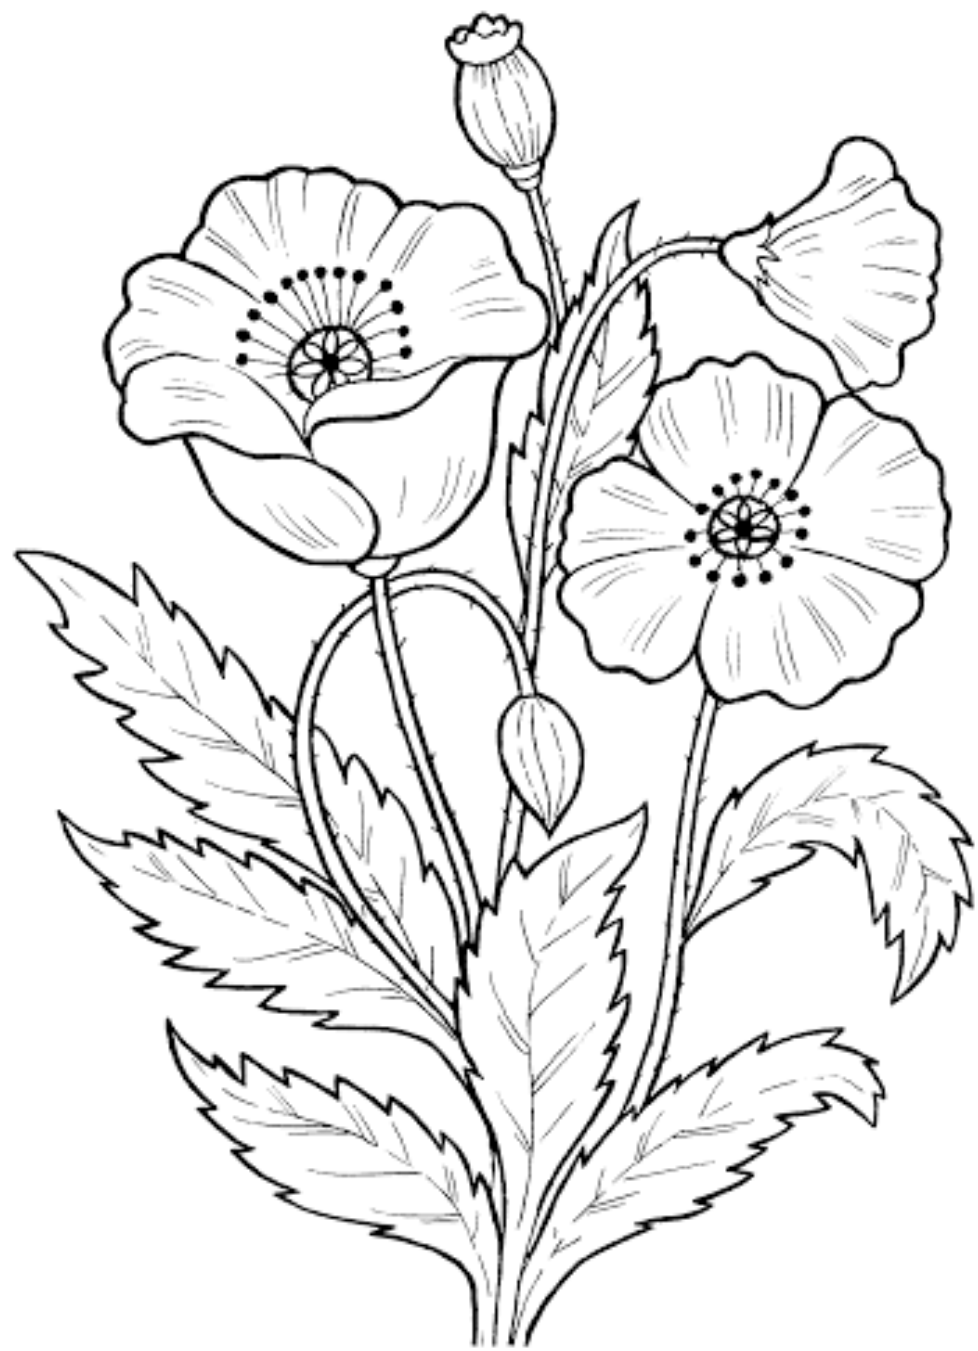

Re-use old plastic milk bottles and turn them into beautiful lantern tributes to our ANZACs.

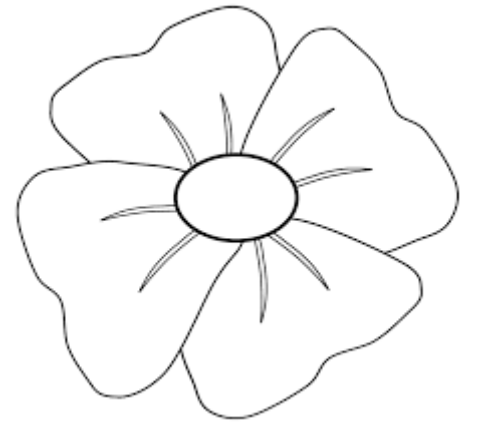

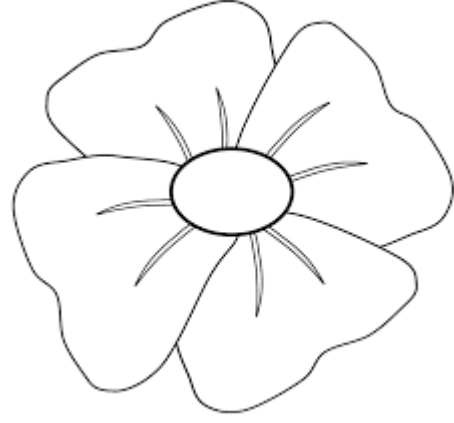

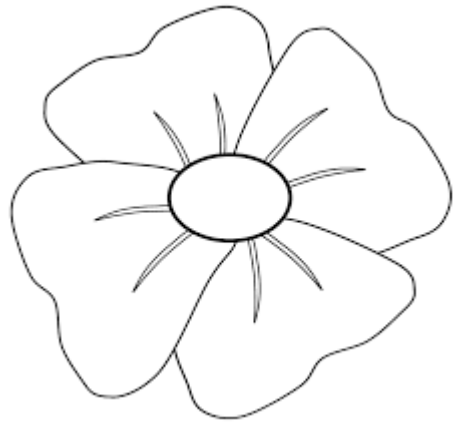

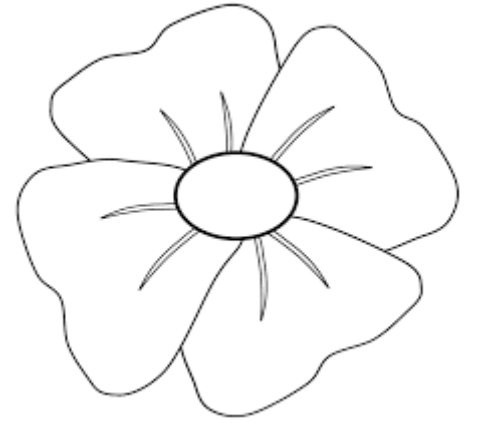

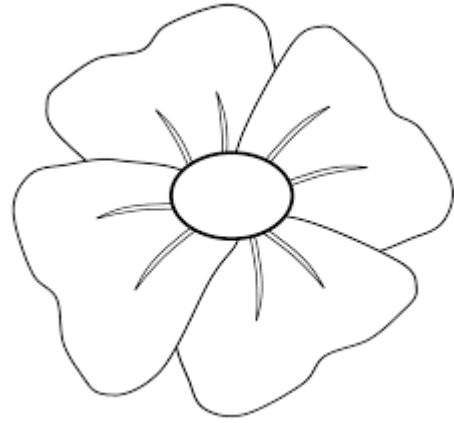

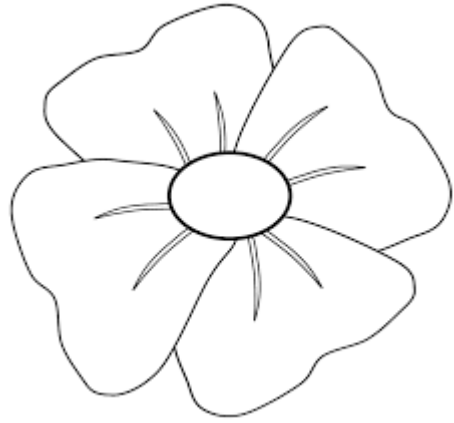

How to create your own ANZAC Day Lantern:

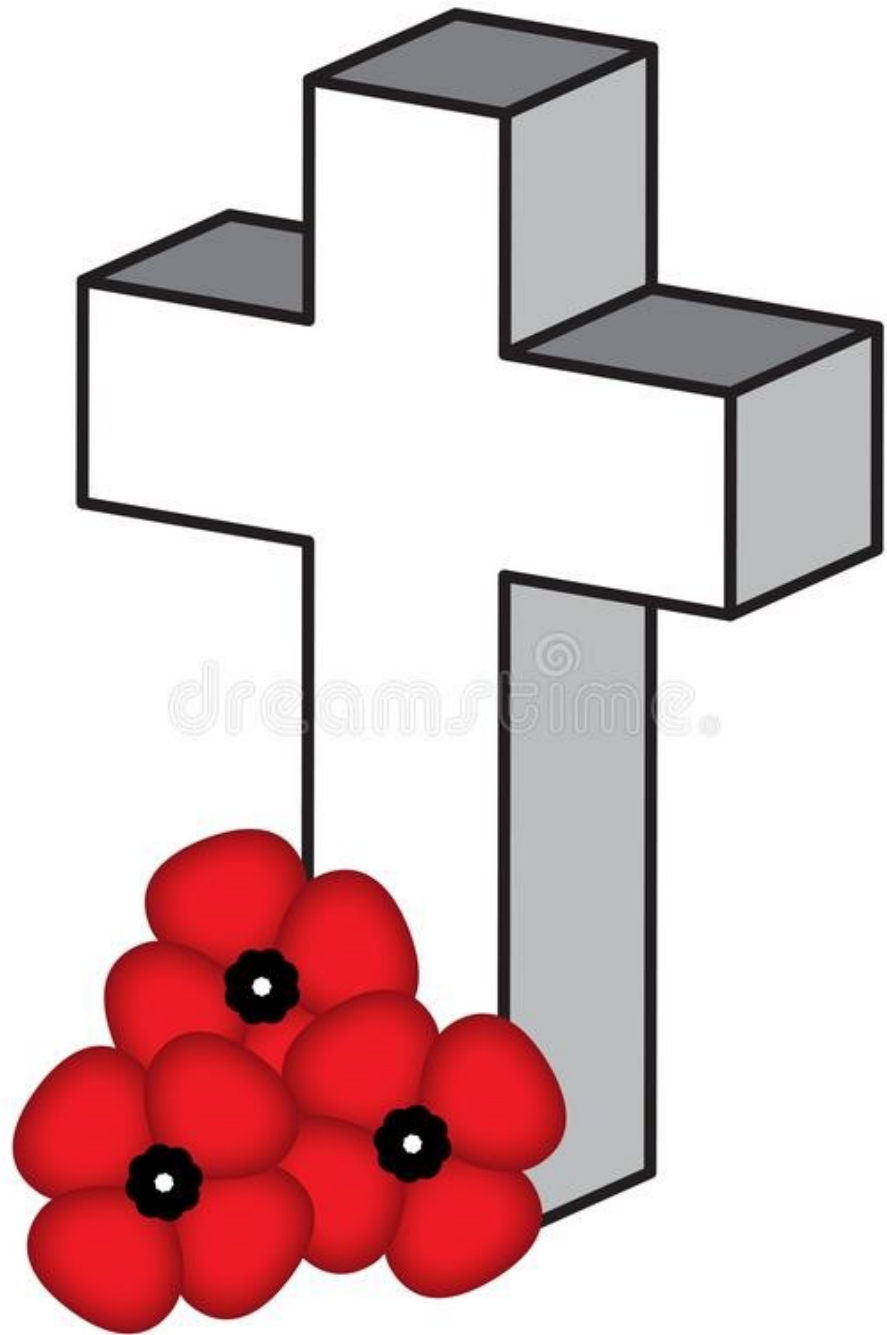

1. Cut a plastic two or three litre milk bottle in half, wash it out well and allow to dry. The bottom half of the bottle becomes your lantern,
2. While the lantern is drying select which images you wish to place on it, then either print them off or draw them on a piece of paper.
3. Once the lantern is completely dry, place your images on the inside and use permanent markers to trace the images onto the outside of the lantern. You can colour in your images if you prefer, or leave them as an outline.
4. Your lantern is now ready to use. Lastly, weigh your lantern down with a small layer of sand in the bottom, then carefully place a tea light candle inside, ready to be lit at dawn on ANZAC Day.

We've provided some templates you can use for your own lantern on the following pages.
