

# DAILY BOREDOM BUSTER

## Tangram Puzzles

Colour each of the 7 shapes (tangrams) on the next page a different colour, cut them out (ask a parent for help with this) and then use your tangrams to create different pictures. The rules are you must use all 7 tangrams to create each picture and the tangrams cannot overlap. Here's a few pictures for you to try. Can you work out how they fit together? Now use your tangrams to create your own pictures!
